CONTAINER TRANSPORT TROLLEY

CONTAINER TRANSPORT CART 2x ISO
8 pairs of U-rails, distance 110mm with wire shelf top of the trolley
Stainless Steel
Equipped with:

- 2 Steering casters with central brake
- 2 fixed casters in S/S housing 160mm
- Top welded wire shelf

IDEAL FOR TRANSPORT AND STORAGE OF STANDARDISED STERILE SUPPLIES CONTAINERS OR BASKETS

The trolley's inherently durable chassis design suitable for delivery transport and adaptable to automatic trolley transport systems.

- **4 continuous vertical push bars (2 per side) for manoeuvring**
- **Single-walled transport trolley closed on all sides**
- **Loading via the two double-walled double-wing doors that can open at an angle of 270°**
- **Automatically latching doors to hinges on vertical push bars**
- **2-point door locks with a transport latch & seal**
- **Left door is fitted with a stop bead, for extra hygienic and easy-to-clean lip seals**
- **Extensions keep the doors open during loading**
- **Rear wall has triple-rolled beads for stiffening and sound insulation**
- **Interior has a top welded wire shelf with removable, L-shaped, height-adjustable shelf rails**
